# Decoration Roller

The fun and easy way to make patterns!

Easily identify the pattern by the printing on the cartridge.

## ■ Borders, backgrounds and more

Roll out long patterns to create elegant and festive borders. Use multiple rows to create backgrounds for scrapbook pages and cards. Even make your own gift wrapping paper.

## ■ Self-inking stamp cartridge

The self-inking stamp cartridge allows you to apply the pattern without having to stop and use a blotter. Just roll it on!

## ■ Ingenious design

The pattern cartridge retracts by clicking the top button for easy storage when not in use. The clear plastic corner of the applicator lets you quickly identify the pattern before use.

## ■ Refillable and swappable

Use any Decoration Roller refill with any applicator. Easily mix and match patterns.

# Decoration Pen Touch 'n' Slide

**Add some flair!**  
Give your everyday documents a personal touch. Simply pull the pen across your paper to apply the pattern-printed tape. Get instant decorations without any drying time.

### Smooth application

The flexible, mini-roller head allows for smooth, consistent pattern placement.

### Refillable and swappable

Any of the Decoration Pen refills can be used with any Decoration Pen applicator. Easily mix and match patterns.

### Highlights and accents

Use long lines of a pattern to create borders or to separate pictures or text. Apply a single image or two from the tape to give a little accent and personal feel.

# Glue Tape TG-610BC & TG-620BC

*Honeycomb-dot  
tape*

*Two permanent glue tapes  
for secure adhesion.*

*High  
Capacity*

Ergonomic design

### Slides on with a light touch

Our new tape rolling system makes it 50% easier to apply glue tape. Long tape rolls out lightly and smoothly all the way to the end. The roller head applies tape to the surface more effectively and sideways tape movement is minimized.

### Ecologically and economically friendly

Tape replacement is a simple process. Pull out the old cartridge and place a new cartridge in the main unit. The roller and cap are designed to remain in the main unit in order to reduce waste.

#### TG-610BC – High Capacity

The TG-610BC holds an astounding 72 feet (22mm) of glue tape! Use the TG-610BC glue tape knowing you won't run out any time soon.

TAPE WIDTH	8.4mm 1/2in
TAPE LENGTH	22m 72ft

STANDARD TAPE

REFILLABLE

#### TG-620BC – Honeycomb-Dot Tape

The glue tape for the TG-620BC has a honeycomb-dot pattern so that it breaks more easily and cleanly at the end of application.

# Glue Tape TG-720 Series

## ■ Clean-cutting, honeycomb-dot pattern

The newly developed tape pattern consist of a series of honeycomb dots which allow the tape to “break” more easily and more cleanly when you finish applying a line of glue tape.

## ■ Comfortable, highly portable design

Shaped much like a pen, the stick-type applicator fits naturally in your hand, providing for easy control and a smooth application of glue tape. Like a pen, it is stored easily in your pocket or desk drawer.

Familiar pen-like holding position

## ■ Glue tape adheres firmly to the paper

The flexible head allows you to apply even pressure to the paper as you roll out the glue tape, resulting in a consistent and controlled application.

Flexible tip

Rotational flexibility

*Three widths of glue tape  
for all of your projects.*

## ■ Available in assorted widths for different gluing needs

Glue tape has a hint of color for better visibility during application.

**BLUE** 1/2 in (8.4mm)

Most suitable for gluing documents, sealing letter sized envelopes.

**PINK** 1/4 in (6mm)

Perfect for gluing handouts or notebooks, or for gluing receipts, photos, etc.

**GREEN** 3/16 in (4mm)

Ideal for paper craftwork or for applications that require detailed gluing.

# Glue Tape TG-810

*"Bean" There, Glued That...  
Double Sided Adhesive!*

## ■ Small size, bean-shaped glue tape

The compact size of the TG-810 makes it perfect for adding to your school supplies, placing in a desk drawer or carrying with you anywhere. The bean shape fits comfortably in smaller hands. Even though it is small, the tape width of 1/4 inch (6mm) allows for good control and strong adhesion when working on detailed projects. And, the TG-810 holds an impressive 26 feet (8m) of glue tape.

## ■ Retractable tape head

Simply slide the lever back until the tape head is fully extended, and slide it forward to close. The cover protects the glue tip, while preventing glue application on unwanted surfaces.

## ■ Fine-tip applicator

The TG-810 uses the mini-roller head to improve tape adhesion to the paper. Tape is firmly applied to the targeted areas.

# Staple-free Stapler PAPER CLINCH

Fasten paper without using staples.

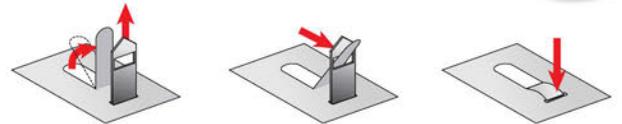

- Never buy staples again
- Always ready to use
- Paper shredder safe
- Safe for children
- Environmentally friendly
- Perfect for school, home and office

Fasten pages on the corner or the side.

## Paper Clinch Staple-Free Stapler

Unique Folding Method

### ■ A new concept

Using a unique inter-folding process, the Paper Clinch fastens paper without the use of staples. You'll never worry about running out of staples again! And without the presence of staples, recycling is made easy – just drop in the bin.

### ■ Compact design

Palm-sized for easy handling. Use while at a desk or while standing. The small size also makes the Paper Clinch a great tool for children.

Fits well even in smaller hands.

Stores easily in a desk drawer.

Ideal for...

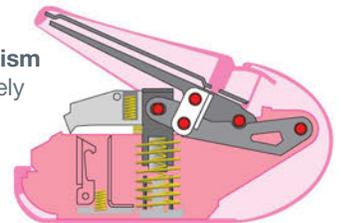

School projects

Food industry

Home and office.

### ■ Power-assist mechanism

Equipped with the uniquely structured 5-axis power-assist mechanism for fastening papers with minimum force.

# Correction Tape

Achieve a more professional look without any drying time. PLUS correction tape is the better way to make corrections.

Four styles of applicator for neat and precise lines of tape.

## Correction Tape PS

Impressive ease-of-use and portability.

### Smooth corrections

The Mini Roller Head is designed for optimum performance when used for multiple types of strokes. The PS head also has a cushion mechanism that allows the head to move vertically thereby adjusting the pressure applied to the tip.

### Pen style

Familiar pen-like features: A top button to extend and retract the tip; a handy pocket clip; and, an ergonomically sculpted grip for a firm hold.

### Smooth torque mechanism

Solving the potential issues of loose tape adhesion and flakes which may occur at the end of a tape section, the newly added limiter helps control the dispensing force, allowing the tape to run more smoothly from start to finish.

### Pen Style MR

The pen-style design allows you to hold the Correction Tape MR just like you would a writing instrument. It is ergonomic and easy to use.

### Smooth application with a flexible head

The mini roller head produces smooth consistent corrections. The flexible head applies tape firmly to the paper while allowing maneuverability for detailed corrections.

### Replaceable tape cartridge

The tape cartridge can be quickly and easily removed and replaced. Although small, the cartridge holds 6 meters of correction tape. The small size means there is less plastic to dispose of which is better for the environment.

**Pull for a sentence or push for one letter.**

Correction Tape models with a Mini Roller Head have the ability to apply tape in two directions. By pulling the tape, it is easy to achieve long straight lines for covering full sentences. When you want to cover smaller areas, such as a single letter, just flip the applicator over and push.

# Correction Tape FX

Advanced ergonomic design with a flexible head.

**Smooth operation**

The new Mini Roller Head is designed for the improved application of correction tape at multiple angles with a variety of stroke types. The combination of “flex” and “swivel” movement keeps tape adhered firmly to the surfaces, resulting in a neat finish.

**Better grip and stability**

This new ergonomic holding style was designed to take advantage of a three-finger grip. This allows text to be corrected using a sideways motion that offers improved stability.

**1 : Forefinger**  
To prevent vertical shake

**2 : Thumb**  
Aiding to apply steady pressure for better adhesion

**3 : Middle Finger**  
Offers support to the thumb for a steadier grip

# FINGER PADS

High friction material and gripping textures make turning pages easy.

## Cap Style

■ **Gripping from any angle**

Flip through pages quickly by wearing cap style finger pads that cover the entire tip of your finger. A honeycomb, high-friction material provides superior gripping strength at any angle. Easy to put on by just pulling the flap.

■ **Great for long working hours**

Ventilation holes at the rear of the finger and the front center, combined with inner bumps keep the finger pad from sticking to your finger and minimizes sweat. The new material doesn't have the unpleasant rubber smell associated with other finger pads.

Quantity:

*Organization + Security*

# CAMOUFLAGE FOLDERS

Hide your confidential information.

The special pattern printed on the front and back of the polypropylene folder makes the documents inside difficult to read. However, you can still read large letters to confirm the folder contents without having to remove the documents. Stylishly carry and organize your confidential documents while protecting your private information from prying eyes.

Small text is masked, but headers can still be read.

Camouflage Pattern

■ **Ideal for sensitive documents**

Camouflage folders are a perfect way to handle and store sensitive papers. Personal and confidential information in normal print size cannot be discerned through the paper. However, headings and titles of documents can still be read, allowing you to quickly access documents and stay organized.

■ **Single pocket with two sealed edges**

Made of durable polypropylene, the Camouflage Folders keep your sensitive documents safe from prying eyes as well as the elements. The folders consist of a single pocket which is sealed on the left and bottom edges in order to better secure your papers.

■ **Thumb cut**

Both the front and the back panel have notches for your thumb so that opening the folder is made even more convenient.

# Kes'pon

## Guard Your ID STAMP

Helps keep others from seeing your private and confidential information.

### The unique pattern and special ink provide personal protection.

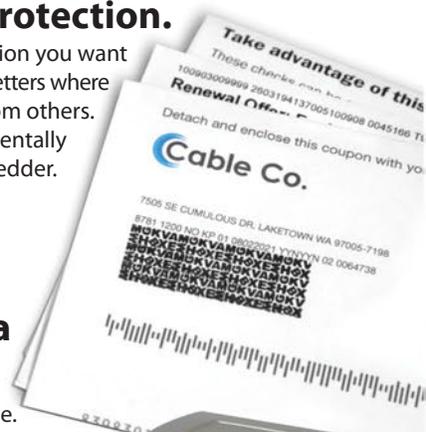

The pattern for Kes'pon products was specially designed to obscure the text underneath it. This unique pattern, along with a specially formulated ink and oil based pigment, make Kes'pon products very effective at masking printed material.

The special pattern was developed for PLUS by Yusuke Yonetsu. Mr. Yonetsu spent more than a year testing various sets of characters from a variety of alphabets before arriving at the currently used combination of English letters - some set askew. Patent pending.

### Simple and effective protection.

Simply stamp over the printed information you want to conceal. The stamp pattern masks the letters where applied, concealing that information from others. Stamping provides a safe and environmentally friendly alternative to using a paper shredder.

### A great alternative to a paper shredder.

- Stamped documents are easy to recycle.
- Stamping creates less mess and less noise.
- Stamping is safe for children. Shredders can be dangerous.
- Stamping doesn't require the space or electricity that a shredder does.

#### Attention:

These products may not conceal all data completely. PLUS Corporation is not responsible for any damages which may be incurred through the use of these products.

**Not recommended for use on the following materials:** Coated paper, glossy paper, photo paper, plastic sheet, sulfate paper, paper with a rough texture or that easily absorbs ink.

# Kes'pon

## Guard Your ID ROLLER Advanced

### Mask private information on glossy paper and labels.

Specially formulated ink and oil based pigment, makes the new Kes'pon Advanced very effective at masking printed material, even on glossy surfaces. It is perfect for protecting information found on medicine bottles, glossy mailers, labels and more.

#### Provides simple and effective protection

The unique pattern for Kes'pon products was specially designed to obscure the text underneath it. In a single stroke, you can glide the roller over all of the text you want masked, even on uneven and curved surfaces.

Ideal for  
**GLOSSY**  
paper

Secure cap for storage

#### Compact, highly portable design

The small size of the roller fits comfortably in your hand, and allows for convenient storage. The tightly sealed security cap prevents accidental inking when not in use.

#### Provides privacy and peace of mind

Knowing that you have properly disposed of your medicine bottles will allow you to feel confident that your private information is safe from prying eyes.

Stamping Surface  
0.6 inches wide  
100 feet long (Approx.)

#### Attention

This product may not conceal all data completely. The ink may not resist all attempts at being removed. For example, it may not hold up to strong solvents or excessive scrubbing. Use this product as part of a comprehensive program to prevent theft or loss of your private information. PLUS Corporation is not responsible for any damages which may be incurred through the use of these products.

#### Objects that cannot be effectively covered:

Paper with a rough surface; Paper that absorbs ink excessively; Some types of specially coated papers; Characters with raised print; Characters printed in color; Characters in a large font size.

◀ **Compact size with retractable roller head.**  
The small size of the Roller allows for convenient storage in a desk drawer. Extend and retract the applicator head with the push of a button, preventing accidental inking when not in use.

◀ **Replaceable ink cartridge.**  
When the time comes to replace the ink roller cartridge, it is simple to open up the main casing and drop in the fresh cartridge.

▲ **Ideal for use on uneven and curved surfaces.**  
The roller applicator is able to imprint ink on uneven surfaces such as corrugated cardboard boxes and easily conforms to rounded containers.

## Guard Your ID STAMP

LARGE & SMALL

**The Original STAMP**  
for information protection

### Quickly stamp over your personal information.

Simply stamp over the printed information you want to conceal. The stamp pattern masks the letters where applied, concealing and protecting that information from others. Stamping provides a safe and environmentally friendly alternative to using a paper shredder. Approximately 1,000 impressions per ink pad.

Small Pattern Size: 1" x 0.5"

Large Pattern Size: 2.75" x 1"

▲ **Replacement stamp pads**  
Each stamp pad is good for approximately 1,000 impressions.

#### Large

#### Small

# Kes'pon CAMOUFLAGE TAPE

## Hide complete sentences or just a single letter.

Kes'pon Camouflage Tape is an ideal tool for when you want to selectively block out information in documents you wish to keep or distribute to other parties. The unique pattern covers printed text in clean straight lines.

### Smooth application

The retractable mini roller head glides smoothly over paper. It resists sideways motion to create neat and clean strips of camouflage tape.

# PLUS

State of the art manufacturing facilities.

Established in 1948, PLUS is located in Tokyo, Japan. With 15 subsidiaries positioned globally, PLUS employs over 4,000 dedicated individuals and has annual revenues exceeding \$1 billion. Our core business includes a wide range of stationery and security products used by consumers all over the world.

During our 60 year history, PLUS has gained a leading market share in the office supply and stationery product manufacturing industry. This has been achieved through market research, the introduction of innovative technologies, maintaining high-quality design standards and operating according to a philosophy that puts emphasis on "easy-to-use" products.
